## Antioch Area Waits As 9-9 Day Bargains Appear on Counters

News Prints Special Issue Today to Give Shoppers Preview of Surprises

Tuesday is the day to do your Christmas shopping in Antioch. It's the day when the merchants play Santa Claus, and all but present you many items in their stores as gifts.

Tuesday will be Antioch's first 99 Day, from 9 a. m. to 9 p. m., with businessmen putting all types of merchandise on sale for 99 cents, or a similar price.

Slogan for the day-long event, which has almost 100 per cent participation from members of the Antioch Chamber of Commerce, is "Your 99 cents has more lives than the nine of a cat."

**Want Good Weather**  
A. Harold Olsen, chairman of the 99 Day, said, "All we are hoping for is good weather in which people of the Antioch trading area can get to town."

An idea of the magnitude of the sale, expected to be the most spectacular in Antioch's history, can be gleaned from the special eight-page section appearing in today's Antioch News.

The "Special Chamber of Commerce Edition" contains pages and pages of 99 Day specialties and bargains. You can get everything from chicken to a shirt for 99c; anything from a dinette set to a kitchen sink for \$99.

Olsen said a large number of (continued on page 7)

## Antioch High School To Aid Olympic Fund

The Antioch High School, "A" Club will have a collection taken at the Homecoming game against Grant, to help send the United States Olympic team to Australia this fall.

It will cost over \$1,000,000 to send our team to Melbourne. Although the teams of many countries are state-controlled and their expenses are paid by their government, in our democracy the Olympic movement has been sponsored by the generosity and pride of the sports-loving public.

Attractive U. S. Olympic collection containers will be at both entrances to the football field and passed through the crowd at half time.

The "A" club organization consists of boys who have won monograms in Varsity athletics at the Antioch Township High School. The sponsor for the "A" club is Larry Leon.

## Navy's Fire Experiment Gives Antioch Firemen Practice in "Teamwork"

The first half of an experimental fire project at Great Lakes Naval Training Center last week-end, in which Antioch firemen participated, was termed successful by Navy officials.

The project in which an old Navy building is being uniquely destroyed by fire, is serving as a training course for some 400 Lake County firemen.

The two-story 200-foot long stucco structure was torched by experts, and then fire fighting units from 18 neighboring areas converged on the flames. In all, some 80 firemen participated in the exercise.

Great Lakes Fire Chief Leroy H. Ellis praised the visiting firemen for their teamwork.

Another exercise, to demolish the remainder of the building, will be held this coming week-end.

## Martha Hinton Died In California Wed.

Mrs. Martha Hinton, 45, formerly Martha Westlake, a daughter of Mrs. Clara Westlake and sister to Mrs. Fred Yates, both of Antioch, passed away Wednesday, Oct. 3, at University of California hospital, San Francisco, after a long illness.

Mrs. Hinton was born in Antioch August 14, 1911, and attended both the Antioch grade school and Antioch high school. She was a member of the Antioch Methodist church, past matron Order of Eastern Star, and many other organizations here. After her marriage in 1935 to Monty Hinton, music instructor at Allendale School for Boys, Lake Villa, the couple have made their home in San Leandro, Calif., for the past four years.

Survivors besides her husband, mother and sister, are two sons, James and Robert, both attending Stanford University. She was preceded in death by her father.

## Lindenhurst Estates Becomes Incorporated As Hot Election Ends

Official Canvass Needed Before Final Outcome Could be Learned

The Village of Lindenhurst became incorporated under state law Monday, by a majority of five votes.

Outcome of the Saturday election, in which 231 votes were cast, 118 for incorporation and 113 against, was not officially known until after an official canvass.

County Judge Minard E. Hulse, aided by Justices of the Peace Emil W. Lindvall and W. Howard Swanson, ruled that eight ballots were "defective, void, or spoiled."

**Spoiled Ballots Crucial**  
The spoiled ballots were the deciding factor in the election. Had the ballots been officially counted, the incorporation would have lost by two votes.

Lindenhurst Atty. Ellis Fuqua said the matter was a question of whether a void ballot was a cast ballot. Judge Hulse ruled that it was not.

The next step is for Judge Hulse to set a date for a special election to name Lindenhurst's first village officials. To be elected are a president, village clerk, and six trustees. The county judge said he would set the election date in the near future.

An estimated 600 persons reside in the Lindenhurst Estates on Grand Ave., near Lake Villa.

## Junior Fire Marshal Program To Highlight Fire Prevention Week

Antioch school children in the third through fifth grades will join nearly 3,000,000 Junior Fire Marshals throughout the country next week in a nation-wide fire prevention and safety education program sponsored by the Hartford Fire Insurance Co.

Participation in the program was announced jointly today by Loren D. Sexauer, local Hartford Fire representative; School Supt. Richard Whitacre, and Fire Chief Edgar Simonsen.

"This new, year-round Junior Fire Marshal program is an expanded version of the popular public service campaign which the Hartford Fire Co. has sponsored through its 15,000 agents since 1947," Sexauer said. Ever increasing interest by parents, teachers and fire officials prompted expansion of the program which now is on a year-round basis for the first time in nine years," he added.

**National Program**  
Scheduled to open throughout the country in conjunction with National Fire Prevention Week, Oct. 7-13, the new program gets under way locally on October 8. At that time, a new 12-page Junior Fire Marshal Magazine will be distributed to boys and girls in participating schools.

The magazine, first of four to be published throughout the year, contains stories, pictures, and suggested fire prevention activities and games for children. The magazine's feature is a home inspection report for boys and girls to use in locating and eliminating fire hazards in their homes.

Completed home reports, signed by parents, are returned to teachers. Schools with satisfactory records of participation will receive School Achievement Banners, Honor Roll posters, and Junior Fire Marshal badges for the children.

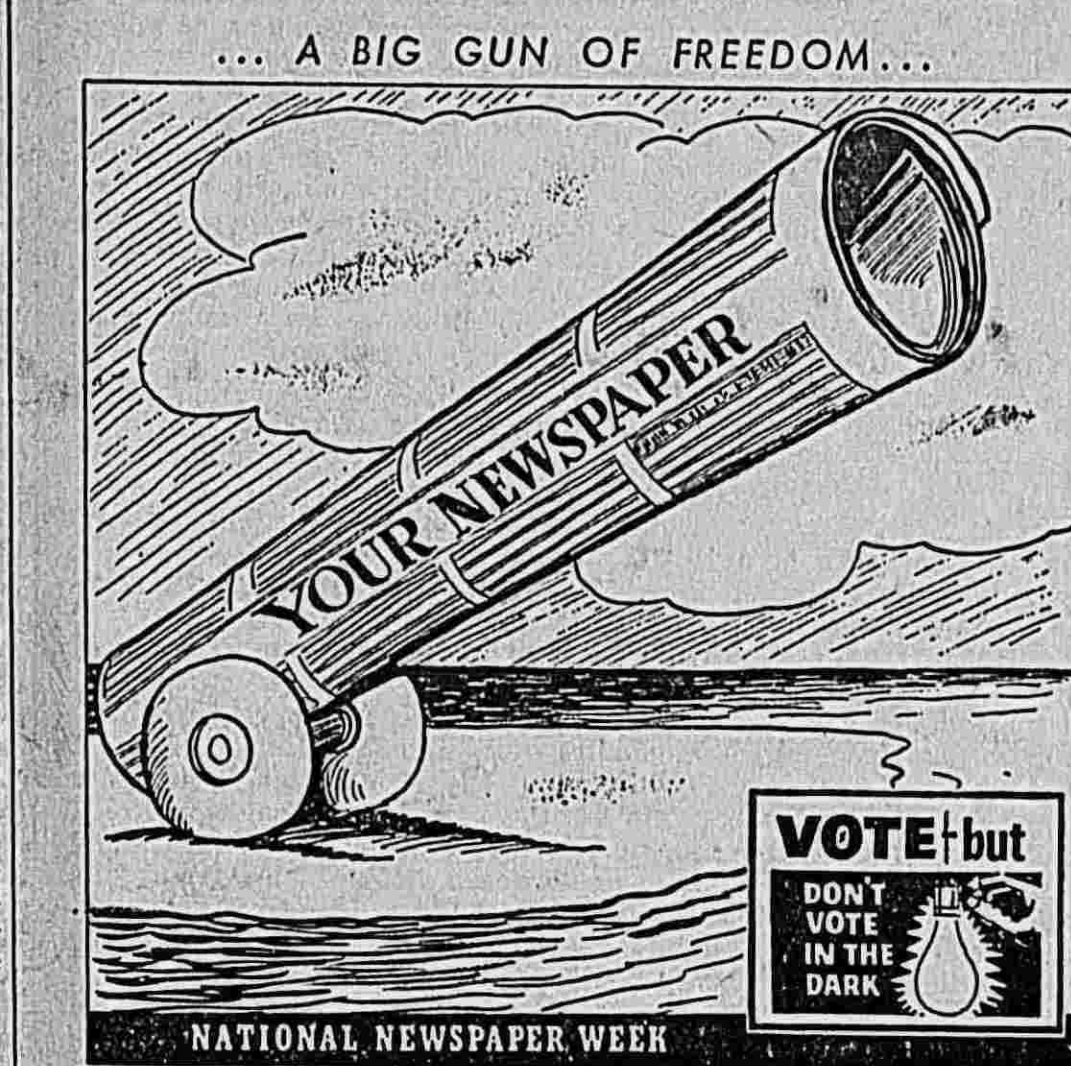

In addition, elementary school teachers both here and throughout the country are receiving special teaching units, complete with suggested classroom activities, for instructing fire prevention and safety.

## Chicago Man Dies Sunday After Petite Lake Visit

A Chicago man, Clarence Wehmhoefer, 55, who spent Sunday evening at the Charles Kempf residence on Petite Lake, suffered a fatal heart attack on the way home.

Wehmhoefer reportedly complained of chest pains as he drove along Rte. 21, and asked his wife to drive. A short time later she pulled off the road, he got out of the car, and collapsed.

Efforts of the Wheeling rescue squad to revive him were unsuccessful.

## Chain O' Lakes Sportsmen Discuss Plans To Regulate Boats on Inland Waterways

### Lake Marie Trailer Zoning Law Dispute Continued in Court

County Court action against a Lake Marie trailer park owner, for alleged violation of the county zoning ordinance, has been continued to October 30.

A hearing against Paul Ferris, 65, who reportedly has some 70 trailers on property zoned R-4 residential instead of B-3 business, began Friday, but was continued due to the vacation of defense Atty. Murray R. Conzelman.

Ferris faces a fine up to \$200 or imprisonment for six months, if convicted.

At Friday's hearing, both Ferris and his son, Charles, related that the camp had trailers since 1925 or 1926, prior to enactment of the 1939 zoning ordinance. Building Commissioner Harry J. Carlson alleges that the trailers were not present until about 1946.

## Set Special Election Of Channel Lake Board

An election will be held Nov. 3 to pick a seven-member board of education for Channel Lake School District 35, which has surpassed the 1,000 population mark.

A special school census completed Monday shows a population of 1,085 in the district.

**Oct. 13 Deadline**  
School Supt. W. C. Petty, in setting the special election according to law, said candidates for the seven posts must file nomination petitions and certificates of candidacy by noon of Saturday, Oct. 13.

The present three-man board of school directors of Channel Lake school District 35 consists of Vern E. Heath, president; Elmer E. Eberman, and Edwin J. Hinkler.

Principal of the school, which has 130 pupils, is Donald Bohling.

## October Grand Jury Eyes County Gaming

Two Lake Villa residents are on the October Grand Jury, which was urged by Circuit Judge Bernard M. Decker Monday to renew a probe into reports of widespread gambling activities in the county.

They are George E. Heuer, Rte. 59, and Edwin K. Hart, Grand Ave. and McKinley Ave.

Judge Decker told the jurors, "You are the conscience of Lake County." He suggested the grand jury investigate horse betting as well as pinball and slot machine activities.

### Announce Paving Job

Rte. 59 in Antioch, Rte. 173 from Antioch west, and Grand Ave., Lake Villa, will get a fall face lifting, according to the state highway department.

The project includes resurfacing and patching 12.18 miles of road including Grand Ave. in and west of Lake Villa; Rte. 59 in and south of Antioch, and Rte. 173 from Antioch west.

The Peter Baker & Sons firm, Lake Forest, was low bidder on the project, for \$201,520.00.

## Sequoits Win Thriller From Ela-Vernon Bears In Saturday Grid Game

Dick Sreh's Twin Scores Lead Antioch to Victory in Final Quarter

Two touchdowns scored by Dick Sreh in the final quarter of a Northwest Suburban football thriller at Lake Zurich Saturday, brought the Antioch Sequoits from behind to score a 13-7 victory over the Ela-Vernon Bears.

The second of Sreh's touchdowns was scored with just 18 seconds to ply. The Sequoits went into the fourth quarter of the game trailing 7 to 0.

Sreh also kicked the first point after touchdown to tie the score.

With time running out when the Antioch team regained possession of the ball on their own 40 yard line, Coach Paul Kessenich called for an aerial attack. Jerry Huml grabbed four successive passes from George Lystlund, who also threw two successful spirals to Roger Plechaty. The six straight passes netted the Sequoits 49 yards to carry them deep into Ela-Vernon territory.

**Bears Hold Lead**

The Bears held the initiative during the first three quarters of the game, after taking an early 7-0 lead on a 60-yard drive ended by a 23-yard pass to Erv Pahlman. The Bears rolled up a total of 144 yards in the second quarter, and stood to score several times except for Huml, who twice overtook Bear runners from behind and dragged them down.

Pohlman darted 72 yards before being overtaken by Huml deep in Antioch territory, and Chuck Gilman ran 54 yards before he was nabbed by Huml. Another Bear threat was nipped at the four-yard line in the third quarter before Antioch turned on the steam.

A Sequoit threat to score early in the second quarter was stopped by Ela-Vernon on the 15-yard line; and a first quarter march ended when Frank Keough recovered a Sequoit fumble on the one-yard line.

Antioch rated 262 yards on the ground and 70 passing, to rack up a total of 332. Ela-Vernon netted 205 yards on the ground and 47 in the air, to total 252. Antioch finished with a 17-10 edge over Ela-Vernon in first downs.

## Antioch Homecoming Parade is Tomorrow; Crown Queen at Ball

Antioch Township High School Homecoming, Saturday night, will see the Antioch Sequoits squared off against the Grant High eleven.

A prelude to Saturday's game will be a gala Homecoming parade tomorrow night, scheduled to start at 7 p. m., followed by a giant pep rally.

Saturday's game will be followed by a Homecoming dance, at which time Homecoming Queen, Laura Hansen, daughter of Mr. and Mrs. Lawrence Hansen, Lake Villa, will be crowned.

Attending Queen Laura will be Lynn Veesenmeyer, freshman; Toni Thomas, junior; Sandra Mayer, sophomore; and Lou Seyfarth, senior.

**Crown Queen Saturday**

Although the queen will not be crowned until Saturday night, she and her court will appear in the Friday night parade. Alumni are urged to attend the Homecoming dance and witness the crowning at 11 p. m. Frank Laurie's orchestra will provide music.

Mrs. Jeanette Tulumello, student council sponsor, is over-all chairman of the Homecoming program. Jerry Huml, student council president, is the student chairman.

A number of merchants are expected to have floats in tomorrow night's parade. Cash prizes will be offered for the best floats, and to the best decorated student cars and best business entries.

The pep rally following the parade will center around a large bonfire.

## Village Board Meeting Quiet; Routine Business

It was "all quiet" on the home front Tuesday night, as village trustees gathered for what Clerk Clarence B. Shultis called "one of the quietest meetings in a long time."

The village parking lot came up for discussion, and Shultis said that matter will soon come to a head.

Routine matters were acted upon, and payment of bills disposed of.

## Invisible Taxation

In the Soviet Union, the maximum income tax is eight per cent.

However, before you suddenly decide that in this particular phase of modern life the communists have it all over us, some more information is in order.

Direct and visible taxation is of comparatively small importance in USSR. Principal reliance is on indirect or invisible sources of revenue. As Dorothy Thompson puts it, the Soviet citizen pays the "difference between what the state, as sole producer and distributor, pays the factories and their workers, and the collective farms and their laborers for what they produce, and what these same workers pay, as consumers. Taxation is reflected in the prices charged by the Soviet monopoly."

In other words, under communism the government either owns or totally controls the manufacture and sale of all goods and services. There is no competition. Retail prices are set to "siphon off" the earnings of the people and return them to the coffers of the state. Profits are enormous and qualities poor. That is why the take-home pay of the average Soviet worker buys him only a subsistence living—whereas the take-home pay of the average American worker buys many a luxury in addition to the necessities. When the American housewife goes to shop, she pays prices that are kept to the lowest possible level by the inexorable force of free competition. That same force keeps qualities high.

This free system has no equal.

## The Function of Government

Publisher Graham Patterson of The Town Journal recently wrote on the subject of government regulation of transportation—what it should do and what it should not do. Here, in part, is what he said: "The function of government is to see that there is competition, full and free, not to see that there isn't. The government's responsibility is to prevent unfair practices and keep services vital to the public interest in existence, but its responsibility should

end there. If fair competition for the public's favor is permitted to work, prices invariably take care of themselves. And the quality of services and products does likewise."

"Our country was built on competition, not on government regulation. With greater freedom in competition among the different types of transportation, the same as in any other field of business, with each user free to choose that which best meets his needs, the real gainer in the end would be the consuming public."

Some readers may wonder why that kind of competition does not exist in transportation. The reason is that our regulatory laws—many of which were drawn in the horse-and-buggy age—prevent it. For instance, they prevent one carrier from reducing its rates if that reduction might work to the disadvantage of other carriers. Price competition, which is probably the most important of all forms of competition, is outlawed. Thus the various carriers are stopped from making the most of their inherent advantages. And—most important—a barrier is placed in the way of achieving the best possible transportation service at the lowest cost to the user.

## "To Add Life to Years"

"By one of the great boons of modern medicine, the U. S. today has more and older old folks than any previous culture in history," says Time, in its issue of July 23. "In 1900 only 4.1 per cent of the population were 65 or over; now these 'senior citizens' account for 8.4 per cent, and by 1980 they will make up 10 per cent to 15 per cent in a nation of about 225 million."

Time tells of some of the advances that have been made in dealing with the medical problems of advancing age. New and remarkable drugs are among them. So are the modern surgical techniques. Not long ago, for instance, the death rate among elderly people who suffered broken hips from falls was extremely high. Now, according to Time, "surgeons can safely undertake the operation to reduce the fracture in victims as old as 90."

Particularly notable discoveries have been made in the all-important field of diet. Half a century ago it was generally believed that old people should consume little protein. Present-day diets, which build and maintain physical and mental health, contain sizable amounts of protein, along with fats and carbohydrates and other necessary constituents.

Not all of the medical problems of old age have been solved by any means—any more than have the social and economic problems. But the gains, in a comparatively brief span of time, have been striking. To quote Time again, "U. S. specialists in medicine for the aging and aged may well grow old themselves in the struggle to carry out their motto: 'To add life to years, not just years to life.'"

A new kind of FORD with the  
mark of tomorrow

You're in for a thrill when you see this new knock-out, named Ford! But save your superlatives till you drive it! That's where the fun really starts.

It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet . . . stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New swept-back control arms help take bounce out of bumps.

Best of all, Ford's library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

The Fairlane Fords for '57, like the Fairlane 500 models, have no equal . . . no counterpart, in the low-price field.

Mr. and Mrs. Henry Palm of Lake Catherine entertained more than one hundred friends and relatives at an open house celebration on their twenty-fifth wedding anniversary Sunday at their home. Guests were present from Indiana, Wisconsin and other neighboring states.

## Form New Garden Group For Antioch Gardeners

A new garden club has been organized in Antioch by gardeners inspired by the success of members of the Garden Club section of the Antioch Women's Club.

A preliminary meeting to take steps in securing a chapter was held last Thursday at the home of Mrs. J. E. Dompke in Morley Subdivision.

Officers elected were Mrs. Dompke, president; Mrs. John Wagner, vice president; and Mrs. Norvin E. Stoffel, secretary-treasurer.

A name for the garden club, which will be a member of the Federated Garden Club of Illinois, will be selected at the next meeting.

## Altar & Rosary Group To Hold Fashion Show

The Altar and Rosary society of the new Prince of Peace parish, Lake Villa, will present their first annual Fall Fashion Show Thursday, Oct. 11, at 8 p.m. in the Lake Villa School Auditorium.

Fashions will be from Heins of Waukegan.

In addition to the presentation of fashions for the well dressed woman and daughter, an added attraction will be the unveiling of the well dressed doll and her wardrobe.

Mrs. Winsor Dalgaard, chairman, said that all "little and big girls alike" will be thrilled by the doll's beautiful and extensive wardrobe.

A hat bar will be another feature of the evening, with guests given an opportunity to try on new and unusual styles for fall.

Children models for the evening will be Karen Ann Sheehan, Billy Bordigan, and Pamela Mitchell.

## Moose Women Meet, Hold Busy Session

The Women of the Moose held their regular business meeting Thursday at the Moose home. Balloting of candidates was held, followed by a report on the Women of the Moose Conference in conjunction with the state convention of Moose Association.

Attending officers included Jane Meyers, graduate regent; Harriet Grew, senior regent; May Palmer, recorder; and Mildred Gillum, chaplain.

Blanche Horton was presented the cap, gown, and charm of the College of Regents, and Una Fox received a Star Recorder charm. Both awards were presented by the chapter.

It was announced that Margaret Roof, active chapter member will move shortly to California. The next meeting to be held tonight, will be the last one Mrs. Roof can attend, it was reported.

## Legion Auxiliary Unit Elects Five Delegates To 10th District Meet

Five delegates to the Tenth District meeting were elected Friday at the regular meeting of the Antioch unit of the American Legion Auxiliary.

They were Kathryn Avery, Rose Kennedy, Gloria Carrick, Dorothy Horan, and Nancy Siverson. Alternates include Lucy Himens, Pearl Anderson, Maude Johnson, Eva Gaylord, and Agnes Hills.

Unit Membership Chairman Gloria Carrick reported that the Antioch Unit has 93 members.

## Set Downey Dance

Because eligibility to membership in the American Legion Auxiliary can come to a woman only through the precious price of war service, it becomes a definite challenge to each eligible woman to use her eligibility to forward the patriotic service that the organization performs, she said. The greater our membership strength the more we can contribute to the safeguarding of our American Way of Life, she added.

Mrs. Carolyn Horan, rehabilitation chairman, announced that the Antioch unit, assisted by the Winthrop Harbor auxiliary, will sponsor a party for 100 women patients at Downey Veterans Administration Hospital Oct. 9. Mrs. Horan asked that anyone having books or magazines to send to hospitals, contact either her or Dorothy Horan.

Mrs. Ray Toft, Winsor Drive, Antioch, and Mrs. Lavold Crawford, Lake Marie, were guests of Carol Lane, Womens Travel Director of Shell Oil Company, at a luncheon given in the Polynesian Room, Edgewater Beach Hotel, Chicago, Thursday, September 27. Miss Lane was speaker at a Chamber of Commerce "Motorambing" program at the High School last week, and is a columnist and authority on motor travelling.

## To Wed Nov. 10

## Cana Conference is Set For Saturday In Antioch Church

A Cana Conference will be held at St. Peter's Church from 1 p. m. to 6 p. m. Saturday, it was announced today by the Rev. Alfred J. Henderson.

A Cana Conference is a gathering of married couples for the purpose of helping them find in marriage the satisfaction and joy that God intended.

The conference is described as neither a retreat nor a study club or panel discussion. Fr. Henderson explained it deals with things concerning couples in their physical, psychological, and spiritual union, along with the Sacrament and its influence on their daily lives.

The conference will be led by a priest-conductor who is specialized in that field.

Climax of the conference will come when the husbands and wives declare the renewal of their marriage vows. The conference is open to all couples, regardless of their creed.

Fr. Henderson said that fried chicken dinner will be served at 3 p. m. Saturday for those attending the conference.

## Going Away Party

A group of friends including Mr. and Mrs. Henry Mau, Mr. and Mrs. Fred Hardt, and Mr. and Mrs. Peter Zalatoris, attended supper at the Mrs. Eva Thompson home Saturday night. Mrs. Thompson is planning to go to Florida for the winter, to spend her 53rd season there.

## PFC BERNARD THOMPSON TRAINING IN GERMANY

Antioch PFC Bernard C. Thompson, son of Mr. and Mrs. B. C. Thompson, Linden Lane, recently participated in a field training exercise with the 11th Airborne Division at Augsburg, Germany.

Pfc. Thompson, an assistant gunner, in Company M of the division's 511th Regiment, entered the Army in January of 1955, after attending Antioch High School. He has been overseas since February.

## Dance Theatre to Show Here Oct. 20

Dance Theatre has been written up by the critics as being one of the most unusual and exciting shows to come along in many a year. It carries a cast of 65 people with complete settings and costumes that will stagger the imagination; a show that is so varied in its presentation that all who attend will go home feeling that they have been fully satisfied.

The show has been produced and directed by Jimmy Barnes and Glenn Roberts, who for the past 5 years have been staging many different musical dance presentations. This entire production is being sponsored by the Antioch Parent and Teacher Assn. Anyone wishing to secure advance tickets should contact anyone in this organization.

Dance Theatre will appear here on Saturday, October 20. The children's matinee will start at 3:30 p. m., and the evening performance will begin at 8:30 p. m. at the Antioch Township High School Auditorium.

Tickets will be 75 cents for children and \$1.50 for the adults. Children's matinee tickets will be sold directly at the door and not on the outside. Only evening tickets will be sold on the outside.

Farmers who store grain should make sure the bins have been thoroughly cleaned first. Old grain, trash, sacks and other objects furnish living quarters for insects which destroy thousands of bushels of farm-stored grain yearly.

## In Memoriam

In loving memory of Alma H. Beager who passed away one year ago October 3rd, 1955.

With a cheery smile, and a wave of the hand,

She has wandered into an unknown land. Think of her still as the same I say. She is not dead, she is just away. Husband, Children, Grandchildren.

### Parents Back to School At Antioch High School In Orientation Session

It was "back to school" for approximately 300 parents and friends of the Antioch High school this past week, as adults once again had the experience of going through a complete shortened schedule of classes.

Visitors had the opportunity of viewing the entire school plant and facilities and meeting the personnel.

The administration wore yellow carnations, the staff white, the Board of Education red, and other school employees pink. Visitors wore autumn maple leaves with name identification.

#### Funmaking Also

There was fun, too, when the following student adults were disciplined for: smoking in the boys' restroom and boiler room—Bill Horton, Hanford Shepard, Ray Van Patten, Don Cremin; not dressed for gym class and refusing to take showers—Harry Pavel, Robert Mann, Josephine Wohlfeil, Ruth Pickus, Lillian Stowe; carving on desk tops—John Sroh, Howard Gaston, Harry Miller, Don Gibbs; late to class and running in the hall—Fannie Yates, Belinda Dittman, Margaret Moorman, Katherine Cain, Elsie Midgley, William Cain, Laddie Masek, Ruth Scott, Dorothy Romer, Ruth Seyfarth; speeding on the school grounds with a car—Walter Scott.

The next community Parent-Teacher meeting is scheduled for January 15. The program will consist of a panel discussion on the topic "Points of View About Teen-agers," Physical Education demonstration by the girls' and boys' P. E. departments, and a social hour in the cafeteria.

### Fire Prevention Week

During the next 24 hours fire will damage or destroy at least 800 homes in the United States. It will take an untold number of lives, many of them horribly, tragically. Of those who "live to tell," some will be painfully burned, scarred or maimed for life.

A year from today, unless the average changes, the total will be 300,000 dwellings damaged, 11,000 persons dead. Of these 11,000 dead, about 1,000 possibly more, will be children between the ages of five and fourteen.

By Presidential proclamation, next week is traditionally observed throughout the nation as Fire Prevention Week. It is a good time for us to stop and take stock of what is being done in our own community to help reduce the needless waste of life and property due to fire.

One activity which deserves particular attention is the Junior Fire Marshall Program sponsored as a national public service by the Hartford Fire Insurance Co. through its agents from coast to coast. Here in Antioch this year-round fire prevention and safety program is being sponsored by the Loren D. Sexauer Insurance Agency, with the active cooperation of Fire Chief Edgar Simonsen and School Supt. Richard Whitacre.

Since its beginning nine years ago, the Junior Fire Marshall program has been an outstanding success. This year an estimated 3,000-000 boys and girls mostly in the third, fourth and fifth grades will be enrolled through their schools. These children will learn all about fire, how to live with it and how to protect themselves and others from its dangers. They will learn, too, the fascinating history of fire and the great contribution it has made to the advance of civilization.

To qualify as Junior Fire Marshals, these youngsters must check their own homes for fire hazards and bring these potential danger spots to parental attention. Their reward is membership in the national Junior Fire Marshall organization. Perhaps it's just the idea of winning a badge, or a gold medal that inspires them. But whatever the motivation, the training they receive today will help to make them the good citizens of tomorrow. It will also help to make our community a safer place in which to live.

### Taxpayer Groups Urge "No" Vote On Blue Ballot Tax Amendment

Local taxpayer organizations throughout the state are taking action to defeat the proposed Revenue Amendment to the Illinois Constitution which will be submitted on a Blue Ballot to Illinois voters November 6th.

In recent weeks, the Civic League of Winnebago County, St. Clair County Taxpayers Association, Civic Committee of Will County and local chambers of commerce as well as taxpayer groups have joined in the campaign against the Amendment.

The Illinois State Chamber of Commerce, Illinois Junior Chamber of Commerce, Illinois Manufacturers Association, Illinois Association of Real Estate Boards, Graphic Arts Association, Illinois Lumber and Material Dealers Association and the Illinois Industrial Union Council, CIO, have all previously voted to oppose the proposed Amendment.

Basis for most of the opposition is the charge that the Amendment gives the Legislature virtually unlimited power to impose any kind of taxes that it desires.

Jack Sundline, publisher of the Moline Dispatch and chairman of

the Taxpayers Information Council, the group coordinating the campaign to defeat the Amendment, points to the Orville Hodge scandal as evidence of the danger in giving too much discretionary power to Springfield.

"While there are defects in our present Revenue system that do need modernizing," Sundline says, "this particular taxation Amendment goes too far and provides no safeguards to taxpayers against abuses in the power of the Legislature to tax."

The proposed Amendment would give the Legislature unlimited power to classify all personal property into as many classes as it sees fit, at any rate it desires. The Legislature is also given the power to tax real estate on any basis it desires instead of by valuation as is presently required.

The taxpayer groups also warn that while the Amendment does prohibit a graduated income tax, it would clearly permit an ungraduated state income tax or payroll tax. Public statements have been made indicating that such a tax is a real possibility if the Tax Amendment is adopted.

### Set Examination Day For Military Academy

A competitive examination for all candidates for nomination to the United States Naval Academy, the United States Military Academy, the Air Force Academy, or Merchant Marine Academy, will be held in Waukegan on Nov. 20.

Rep. Marguerite Stitt Church (R. 13th District) will have one vacancy at the Naval Academy and one at the Military Academy in 1957. She will be allowed to nominate 10 candidates for possible admission to the Air Force Academy in 1957, with the final selection of Air Cadets made by the Academy's board of admissions on a state-wide basis. In addition, for the first time, Mrs. Church will nominate 10 candidates for possible admission to the Merchant Marine Academy in 1957.

All candidates must be residents of this Congressional district, and must be not less than 17 or more than 22 years of age as of July 1, 1957. Letters of application must be postmarked before midnight, October 16, and addressed to Representative Marguerite Stitt Church, House of Representatives, Washington 25, D. C.

## Super Values For Antioch On 9-9 Day

### Large Volume Of Retail Sales Is Low Price Factor

It is apparent to every person that these days of mass merchandising have produced the need for volume sales, and also that the large volume dealer can operate with a lower margin of profit.

Just as this is true of individual businesses, it is true of towns and cities. Merchants who operate in a location where large volume of business is transacted can charge less for each article, because fixed costs and overhead can be spread over a larger number of sales.

This is just one of the reasons which make Antioch a desirable place to shop... annual retail sales in the village of Antioch are about \$10,000,000.00 annually!

With purchasing power running into millions, your Antioch merchant can take advantage of tremendous buying power to bring you superior merchandise at lower prices.

Come to Antioch on October 9th, be convinced that this is the place to shop, save money.

Your 99c Will Have  
More Lives Than A Cat

### Shopper's 99c Will Have More Lives Than A Cat On October 9th; 9 To 9

As a shopper, your 99c will have more lives than the proverbial cat in Antioch on October 9, according to members of the committee for 9-9 day.

Bargains in all lines of merchandise are listed in the advertisements of this special "Chamber of Commerce" Edition of the Antioch News.

All members of the Chamber of Commerce are co-operating to make this event one of the largest ever held.

Chairman of the Committee Olsen, of the Olsen Furniture Company, said today that the 9-9 day is being promoted in an effort to attract shoppers to Antioch in order to give them the benefit of slashed prices and also to attract new shoppers from longer distances to Antioch.

"Once here," he said, "we feel sure that shoppers from other areas will be amazed at the large stocks, modern merchandising methods and

low prices in Antioch. This is an invitation to inspect Antioch stores and make great savings at the same time."

All participating stores will display banners, indicating that they are co-operating in the 9-9 day, and all stores will be open from 9 a. m. until 9 p. m.

The slogan "your 99c has more lives than the 9 of a cat" will be given more than lip service for this day, and real, honest-to-goodness values will be featured by all Chamber of Commerce business places. Come to Antioch October 9th and save.
